Biography

- Colin Brennan sat in the large 6-foot tub enjoying the relaxing warm water while at the same time singing a pitch perfect rendition of the song from the Care Bears Big Wish movie. He was only 5 years old! As the years progressed, Colin's absolute love and passion for all things musical, especially singing, flowed out of him. At the age of 8, he began working with his first vocal coach. His love of song extended out to years of singing in his church choirs, Youth and now Senior. Colin's highly naturalized vibrato, perfect pitch, tone quality and now fully trained ear, have become a magnet for his strong abilities to sing multiple genres of music on and off stage to the delight of all audience members. Colin's now extensive performance experience has developed into a nerves free ability, both on stage and in studio, to work seamlessly with people in the music industry. When a music producer and/or director asks Colin to perform, he is ready to do so when expected. He does his homework before he goes to the recording studio or steps onto the stage. Colin is never afraid of hard work.
